2. Product description

The Mirka® DecoSander is a manual pole sander designed for efficient sanding of walls and ceilings, with an emphasis on versatility and dust-free operation. It excels in corners, detailed work, and hard-to-reach areas, thanks to its extendable shaft, interchangeable pads, and integrated dust extraction system.

3. Material

The raw materials used to produce the components are not hazardous. The glues used to join different parts contain irritant components. Compiled based on the information provided by the suppliers.
