

Environmental protection

At the end of its service life, the appliance, including accessories and packaging, must be recycled in an environmentally friendly manner. Separate packaging materials by type and put them in the recyclables collection. Old appliances and rechargeable batteries/batteries must not be disposed of with household waste. Help protect the environment by taking the appliance and the battery to a local disposal point, contact our customer service team or make enquiries at a specialist shop.

Important Note regarding Product Liability!

According to an EU directive, the manufacturer is only liable without limitation for faults in the product if all parts come from the manufacturer or have been approved by the manufacturer and have been mounted to the device and are operated properly. If third-party accessories or spare parts are used, the manufacturer is exonerated wholly or partly from his/her liability if use of the third-party accessories or spare parts have caused a defect in the product.
